

**THE
ENTERPRISE
CENTRE**

Adobe Dreamweaver CS3

Level 1

2 Days

Workshop Goal

This **two day** hands-on workshop is intended for students who wish to familiarize themselves with the basic techniques used for creating and uploading websites. It provides the fundamental knowledge and techniques needed to advance to more complex Dreamweaver operations for enhancing the functionality of websites.

Topic Outline

Understanding the Language of the Web
Getting Started with Dreamweaver
Creating a Website
Adding Design Elements to Web Pages
Understanding Picture Formats and Requirements
Working with Links
Working with Frames
Domain and Host Options
Uploading a Website

Recommended Prior Learning

Students attending this course should have a strong understanding of Windows fundamentals such as saving, relocating, renaming and retrieving files. As well, a familiarity with Adobe Photoshop is an asset.
