Adobe Illustrator CS3

Level 1

ENT1603

1 Day

Workshop Goal

In this course, you will learn to use Adobe Illustrator CS3 by drawing and manipulating simple shapes to create logos. You will also combine text and graphics to create advertisements. This course is intended for individuals who need to use Illustrator to create illustrations, logos, advertisements, or other graphic documents.

Topic Outline

- Create simple and freeform shapes.
- Create logos using simple shapes.
- Create logos using custom paths.
- Enhance logo text.
- Manipulate body type.
- Create an advertisement.
- Organize creative assets using Adobe® Bridge.

Recommended Prior Learning

Before taking this course, students should be familiar with the basic functions of their computer's operating system such as creating folders, launching programs, and working with windows. Students should also have basic Windows application skills such as copying and pasting objects, formatting text, and saving files.
