

**THE
ENTERPRISE
CENTRE**

Adobe InDesign CS3

Level 1

2 Days

Workshop Goal

This **two day** hands-on workshop is intended for people responsible for producing in house publications such as newsletters, postcards, posters, flyers, brochures, or rack cards. Many graphic designers, creative professionals, print professionals, publishers, pre-press professionals and marketing communications professionals find this workshop beneficial as well.

Topic Outline

Understanding the Language of Design
Managing the InDesign Environment
Designing Documents
Design Fundamentals
Enhancing Documents
Font Fundamentals
Adding Tables
Finalizing Documents
Finding, Purchasing and Using Artwork
Production Options

Recommended Prior Learning

Students attending this course should have a strong understanding of Windows fundamentals such as saving, relocating, renaming and retrieving files. As well, a familiarity with Adobe Photoshop is an asset.
