

CAMBRIAN  
COLLEGE

## *Profile of a Cambrian College Graduate*

Cambrian College graduates value their education, are proud of their accomplishments, and are motivated to be the best for themselves and for their community.

Cambrian graduates have a broad range of knowledge, skills, and attitudes—

**Vocational:** mastery of competencies necessary to be successful in a chosen career.

### **Communication and Information**

**Management:** ability to communicate ideas, information, and opinions clearly in various formats, to listen effectively, and to gather, organize, and evaluate information from a variety of sources.

**Critical Thinking and Problem Solving:** ability to identify and solve problems, to differentiate between fact and opinion, and to analyze information in order to draw informed conclusions.

Cambrian graduates will have had opportunities to develop and hone the following attributes—

**Teamwork and Leadership:** ability to work productively as a team member, to assume leadership roles, as required, and to demonstrate integrity and professionalism.

**Self-Management and Lifelong Learning:** display of initiative, confidence, adaptability, perseverance, and independence, and recognition of the value of lifelong learning.

**Diversity:** appreciation of social and cultural diversity, respect for the values of others, and support of inclusivity.

**Social:** awareness of one's own responsibility for the well-being of others, acceptance of each individual's role in protecting the planet, and belief in ethical principles.
